

Switch easily to SAP Cloud ALM, with the abat Cloud ALM Conversion Accelerator

The abat Group is one of the leading SAP service providers for the automotive and manufacturing industries in Germany. With our Conversion Accelerator, the basis for the entry into Cloud ALM is created and a future customer-specific approach for migration and use is designed.

What to do with a discontinued Solution Manager?

- The end of maintenance for Solution Manager has been announced for 2027.
- With SAP Cloud ALM, SAP offers a modern „out-of-the-box“ ALM solution.
- Learn if Cloud ALM fits your needs and what your migration path may look like.

Added value of the Cloud ALM Conversion Accelerator

- Knowledge transfer through the abat group instead of long knowledge buildup
- Savings on investments in discontinued Solution Manager scenarios
- Relief in the analysis of existing data for migration to new solutions
- Planning security beyond 2027

Here's how we do it:

- Expert analysis of the Solution Manager and the associated system landscape
- Technical analysis of your Solution Manager (custom code, customizing etc.)
- Support with the application and technical set-up of Cloud ALM
- Execution and evaluation of the Cloud ALM Readiness Check
- Evaluation of the results and joint derivation of next steps

This is what we deliver:

- Cloud ALM set up initially
- A roadmap for migration and adoption of cloud ALM
- Listing of unexploited potentials as well as quick wins
- Risks of the status quo
